

The Indiana Heart Gallery is a traveling exhibit featuring compelling portraits of children in need of adoptive families.

*Indiana
Heart Gallery*

*Helping children find
a family to call their own.*

The Heart Gallery works to raise awareness about

adoption
from
foster care

statewide to connect children with adoptive families.

Host the Display

Adopt

The Indiana Department of Child Services (DCS) uses the Heart Gallery to put a face on a sometimes invisible need, reminding families that adoption can change lives.

Promote

Help us spread the message about the Indiana Heart Gallery and the many children seeking a family to call their own! Encourage your neighbors, coworkers, family and friends to attend a Heart Gallery event in your community to learn more about adoption through foster care. **Find our gallery schedule on our website, Facebook and Twitter.**

Indiana Heart Gallery

@INHeartGallery

Volunteer

We partner with **photographers** across the state to take the professional portraits of children featured in the Heart Gallery. It is a great way to connect the community with the children looking for an adoptive home. **Connect with us via email or Facebook to volunteer!**

Host the Display

We look for partners where individuals and families frequent, such as community organizations, businesses, and community events that can host the display for a day, a week or longer. We will deliver it, set it up and there is no cost to you. **Our goal is to keep the Heart Gallery moving until all the children are adopted. Email us if you have an interest in hosting the display or know the perfect location for a gallery.**

Interested in Adoption?

The children featured in the Heart Gallery are seeking a loving, adoptive home. The Heart Gallery shares information about the adoption-through-foster care process and includes contact information to learn more. Visit **www.adoptachild.in.gov** for more resources!
